## **“Air I Breathe”**

Anton du Preez

Wide awake, watching as you sleep  
Whisper softly, kisses on your cheek  
Loving you with all my heart and soul  
Hold me close, the lights are way down low

[Chorus]

You make me smile within my eyes  
I love your smile and sparkling eyes  
Won't you come closer please  
'Cause you're the air I breathe

Close my eyes, resting in your arms  
Safe with you, I can't resist your charms  
Touching me, oh, so tenderly  
Sing a song made for you and me

[Repeat Chorus]

So hold my hand wherever we may go  
Making love, take it nice and slow  
Kiss my lips and whisper, sweet "Hello"  
Hold me close and never let me go

[Repeat Chorus]

**“Here”**

Anton du Preez

Hate it when I fight with you  
Trying not to let it through  
Sometimes life just fucks with you  
Together we can make it through  
And turn this thing around

[Chorus]

Take me there with you and I swear  
That I'll always be true, yes I will  
And when life keeps spinning circles  
'Round this crazy atmosphere  
Well I'll still be here  
Singing la da da da la da da da da  
Singing la da da da la da da da da

Suddenly I'm missing you  
Somehow we just bid adieu  
And if I'm lucky enough to find another you  
Well I promise that I'll start anew  
I'll take my second chance to say “I do”

[Repeat Chorus]

Bridge: la da da...

[Repeat Chorus]

## **“Light of My World”**

Anton du Preez

Two souls share a single thought  
Two hearts beating life, as one  
You can say anything you will, and still  
Nothing can change the way I feel for you  
You're alive in me

[Chorus]

You are my light  
You are my love  
And I want to be with you  
For all of my life  
I'll be by your side  
'Cause you are the light of my world

To be your friend is all I want  
To be your love is all I dream  
You can do anything you choose, baby  
But nothing can stop the love I feel for you  
You're inside of me

[Repeat Chorus]

Moonlight shadows all the world  
Now I can't see  
Searching through darkness  
It's your light that sets me free  
One single kiss makes me weak  
I'm on my knees  
I love you, not only for what you are,  
But for what I am with you

And I want to be with you  
For all of my life  
I'll be by your side  
'Cause you are the light of my world

[Repeat Chorus ]

## “Trust”

Anton du Preez

Sitting here thinking 'bout how to make things right  
It's been awhile since we had our last big fight  
Watching waves wash away castles in the sand  
Wondering how to be a better man

[Chorus]

But I don't care to find the answer  
No I don't need the reason why  
'Cause now I know you are my lifeline  
And you give me wings to fly  
Baby, you're by inspiration  
And now I know where I belong  
'Cause with you my life carries on

Sleeping less, drinking more, clouded by my fear  
I sit awake chasing thoughts as the dawn is drawing near  
I cannot comprehend what perfect is to you  
But why do I fight, when I know this much is true

[Repeat Chorus]

Carries on like the wind as it rushes  
Over great Midwestern plains  
You smother me with kisses  
As the thunder makes it rain  
Though lightning bolts may strike  
And try to split our hearts in two  
I know that you'll be with me  
'Til our life is through

[Repeat Chorus] x2

'Cause with you my life  
Baby, you are my life  
Denny, with you my life carries on

## **“Weakest Link”**

Anton du Preez

Life without you is not worth living  
I stare at my own reflection with tears streaming  
One single thought prevails in my mind  
And it's you  
But why can't I shake this feeling inside  
That my one hope will be with you?

[Chorus]

I can't go on  
Dreaming and wishing and crying and missing  
You are only  
As strong as your weakest link

You found someone else faster than I can recover  
But still I dream that one day I will be your lover  
Now everyone says to cast you away and I'm trying  
But you're my best friend and I can't go on  
Without you embracing my life

[Repeat Chorus]

Crying 'til my tears run dry  
I feel like I'm drowning in life  
Watching you go  
Is killing me slow  
Please just give me one more try

[Repeat Chorus] x2

**“Spend the Night”**

Anton du Preez

You wanna make amends tonight  
But still you don't know why you fight  
There's no where else for you to be  
So come and spend the night with me

**“Light of My World (Eclipse Remix)”**

Anton du Preez

Whatcha wanna do now?  
Baby, I got it  
All I wanna do now, is  
Baby, get started  
Two hearts beating life as one  
This kind of love won't come undone  
Nothing can change the way I feel for you  
You enliven me

[Chorus]  
You are my light  
You are my love  
I want to be with you  
For all of my life  
I'll be by your side  
'Cause you are the light of my world

Whatcha wanna know now  
Baby, I love you  
All I ever dream of  
Is to be your lover  
Two souls share a single thought  
There's no escaping, now I'm caught  
Nothing can change the way I feel for you  
You're a part of me

[Repeat Chorus]

Moonlight shadows all the world  
And now I can't see  
Searching through the darkness  
It's your light that sets me free  
One single kiss, it makes me weak  
I'm on my knees

[Repeat Chorus]

## **“Let Me In”**

Anton du Preez

He slams the door, you feel your heart start racing  
Just like before, you feel there's no escaping  
The spirits change him, only rage in his eyes  
But still you love him, you say he's not a devil in disguise  
Distract him with his song  
Your innocence is wrong  
He won't leave you alone

[Chorus]

Oh Davey, just let me in  
So I can rescue you  
Oh Davey, just let me in  
For I have come for you

You hide your eyes, and hope that no one's looking  
Your bruises scream and cry, but you just say you slipped on something  
He's hurt you for so long, you don't feel it anymore  
But this time he hits so hard you struggle rising from the floor  
You find your love is gone  
Trying in vain to just hold on  
He won't leave you alone

[Repeat Chorus]

You find the strength inside, now, to get away  
You're thinking, "don't give up"  
Vision blurs from your tears  
You're thinking, "I'm still here"  
Lock yourself in a room and dial 9-1-1  
Your life has just begun  
So hang tight, 'cause Davey, here I come

[Repeat Chorus]
